

SAMPLE TENANT SURVEY

Second-hand smoke and no-smoking policy options

The purpose of this anonymous survey is to assess the level of interest among tenants in having the choice to live in a smoke-free environment. Any future no-smoking policy that might be adopted would only apply to new tenants and would prevent smoking in designated areas only. It would not result in tenants being evicted for being smokers, would not force anyone to quit smoking and would not prevent smokers from renting accommodation.

1. I have noticed the smell of second-hand smoke in the hallway.

Yes No

2. I have noticed the smell of second-hand smoke in my apartment.

Yes No

3. If you answered yes to question #2, please provide details as to where you think the smoke is entering your apartment.

4. I feel that exposure to second-hand smoke is harmful.

Yes No

5. I have health problems made worse by exposure to second-hand smoke, or someone in my household has health problems made worse by exposure.

Yes No

6. I currently allow smoking in my own apartment.

Yes No

7. I am a smoker, or someone whom I live with smokes.

Yes No

8. I would be interested in living in a building where smoking was partially or completely banned, including inside private units.

Yes No

9. If you answered yes to question #8, please choose one of the following:

a. I would be interested in having smoking banned on a wing, floor, or in one building out of a complex, including inside private units.

Yes No

b. I would be interested in having a complete smoking ban for the (an) entire building, including inside all private units.

Yes No

c. I would be interested in having a complete smoking ban for the (an) entire building, including all private units, as well as having outdoor smoke-free buffer zones established around doorways, operable windows, and air intakes.

Yes No

d. I would be interested in a complete smoking ban for the (an) entire building and entire property.

Yes No
